Appeal Rights

You may appeal this demand, order, or decision under 30 CFR § 1290. Appeal instructions are enclosed as Enclosure 1.

Surety Posting

If you choose to appeal without paying the debt, you may need to post a surety as stated on Enclosure 1. Interest

The Federal Oil and Gas Royalty Management Act of 1982 requires ONRR to charge interest on late payments and underpayments from the date the original invoice was due until paid in full. 30 U.S.C. § 1721 Interest on late or underpaid obligations arising from solid mineral and geothermal leases is calculated as simple interest using the United States Treasury Current Balance of Funds Rate. Interest on late or underpaid obligations arising from oil and gas leases is calculated as compound interest using the Internal Revenue Service underpayment rate for corporate taxpayers. ONRR will assess interest as prescribed by 30 CFR Part 1218. **Interest, while not monetized on Enclosure 2, is accruing and will continue to accrue until the debt is paid in full. Once the debt is paid, ONRR will generate a Demand for Payment identifying the interest you owe.**

Enforced Collection Actions

If you fail to pay the full amount by the due date on the invoice, or if this Demand for Payment is not timely appealed, ONRR may take some or all of the following actions, as necessary and at ONRR's discretion, to enforce compliance: (1) Issue a Notice of Noncompliance under 30 CFR § 1241.50; (2) demand payment from the surety associated with the lease(s); (3) recommend to the leasing agency that they commence shutting-in the wells and canceling your lease(s), rights-of-way, permits, or licenses; or, (4) write off the debt and, if collection actions cease, report the debt as taxable income. ONRR also reserves the right to assess an Immediate Liability Civil Penalty under 30 CFR 1240.60(b)(1)(i) if you knowingly or willfully fail to make any royalty payment by the date specified by statute, regulation, order, or a term of the lease.

Referral to Treasury, Fees, and Administrative Costs

If you have not appealed and also fail to pay the debt in full within 60 days from the date of this Demand for Payment, ONRR may refer your debt to the U.S. Department of the Treasury's Debt Management Services (DMS) for collection. If a referral to DMS is made, a fee for Treasury's collection services will be added to your debt (the "Treasury fee"). Currently, the Treasury fee is 30% of the outstanding balance (including interest and administrative fees) for most debts and 32% for debts that have been delinquent for more than two years. As stated above, interest will continue to accrue until the debt is paid in full.

After referral, DMS may take any or all of the following actions:

- Reduce (offset) any eligible Federal and State payments due to you.
- Refer the debt to a private collection agency.
- Refer the debt to the U.S. Department of Justice to initiate litigation.

INTERIOR REGION 7: UPPER COLORADO BASIN
Colorado, New Mexico, Wyoming, and Utah

United States Department of the Interior

OFFICE OF NATURAL RESOURCES REVENUE

P.O. Box 25165
Denver, Colorado 80225-0165

- Report the debt to national credit bureaus.
- Report the debt to the IRS as potential income.

In addition to the Treasury fee, ONRR will assess a \$436.00 fee to the debt to cover administrative costs incurred by ONRR.

Should you appeal, ONRR may also assess an additional \$436.00 for administrative costs that accrue during the appeal process if: (1) the notice we provide you under 30 CFR § 1218.703 grants you the right to appeal the debt, (2) you exercise your right to appeal; and (3) your appeal is denied and, thereafter, we refer the debt to DMS. Such assessments shall be made against you unless we determine otherwise under the criteria of the Federal Claims Collection Standards (31 CFR Parts 900 through 904) or other applicable law.

If the Department of Justice (DOJ) assists ONRR to collect the debt, an additional fee for DOJ's civil debt collection litigation activities will be added to your debt (PL. 103-121). Currently, DOJ's fee is 3% of the outstanding balance (including interest and administrative fees).

To resolve any and all debts referred to DMS, you will be responsible for paying: 1) the Treasury fee, 2) ONRR's administrative fee(s), and 3) the principal (including interest) in order to clear the debt. Once a debt is referred to DMS, payment must be made to DMS and cannot be paid to ONRR.

You have the right to inspect and copy records relating to this debt. If you wish to exercise this right, ONRR must receive your request on or before 60 days from the date of this Demand for Payment.

Questions Regarding the Invoice

If you have questions related to this invoice or want to request a copy of the records related to your debt, please contact Financial Services at (800) 433-9801 or (303) 231-3563.

If the Department of Justice (DOJ) assists ONRR to collect the debt, an additional fee for DOJ's civil debt collection litigation activities will be added to your debt (PL. 103-121). Currently, DOJ's fee is 3% of the outstanding balance (including interest and administrative fees).

Should you appeal, ONRR may also assess an additional \$436.00 for administrative costs that accrue during the appeal process if: (1) the notice we provide you under 30 CFR § 1218.703 grants you the right to appeal the debt, (2) you exercise your right to appeal; and (3) your appeal is denied and, thereafter, we refer the debt to DMS. Such assessments shall be made against you unless we determine otherwise under the criteria of the Federal Claims Collection Standards (31 CFR Parts 900 through 904) or other applicable law.

To resolve any and all debts referred to DMS, you will be responsible for paying: 1) the Treasury fee, 2) ONRR's administrative fee(s), and 3) the principal (including interest) in order to clear the debt. Once a debt is referred to DMS, payment must be made to DMS and cannot be paid to ONRR.

You have the right to inspect and copy records relating to this debt. If you wish to exercise this right, ONRR must receive your request on or before 60 days from the date of this Demand for Payment.

Interest

The Federal Oil and Gas Royalty Management Act of 1982 requires ONRR to charge interest on late payments and underpayments from the date the original invoice was due until paid in full. 30 U.S.C. § 1721 Interest on late or underpaid obligations arising from solid mineral and geothermal leases is calculated as simple interest using the United States Treasury Current Balance of Funds Rate. Interest on late or underpaid obligations arising from oil and gas leases is calculated as compound interest using the Internal Revenue Service underpayment rate for corporate taxpayers. ONRR will assess interest as prescribed by 30 CFR Part 1218. **Interest, while not monetized on Enclosure 2, is accruing and will continue to accrue until the debt is paid in full. Once the debt is paid, ONRR will generate a Demand for Payment identifying the interest you owe.**

Enforced Collection Actions

If you fail to pay the full amount by the due date on the invoice, or if this Demand for Payment is not timely appealed, ONRR may take some or all of the following actions, as necessary and at ONRR's discretion, to enforce compliance: (1) Issue a Notice of Noncompliance under 30 CFR § 1241.50; (2) demand payment from the surety associated with the lease(s); (3) recommend to the leasing agency that they commence shutting-in the wells and canceling your lease(s), rights-of-way, permits, or licenses; or, (4) write off the debt and, if collection actions cease, report the debt as taxable income. ONRR also reserves the right to assess an Immediate Liability Civil Penalty under 30 CFR 1240.60(b)(1)(i) if you knowingly or willfully fail to make any royalty payment by the date specified by statute, regulation, order, or a term of the lease.

Referral to Treasury, Fees, and Administrative Costs

If you have not appealed and also fail to pay the debt in full within 60 days from the date of this Demand for Payment, ONRR may refer your debt to the U.S. Department of the Treasury's Debt Management Services (DMS) for collection. If a referral to DMS is made, a fee for Treasury's collection services will be added to your debt (the "Treasury fee"). Currently, the Treasury fee is 30% of the outstanding balance (including interest and administrative fees) for most debts and 32% for debts that have been delinquent for more than two years. As stated above, interest will continue to accrue until the debt is paid in full.

After referral, DMS may take any or all of the following actions:

- Reduce (offset) any eligible Federal and State payments due to you.
- Refer the debt to a private collection agency.
- Refer the debt to the U.S. Department of Justice to initiate litigation.

In addition to the Treasury fee, ONRR will assess a \$436.00 fee to the debt to cover administrative costs incurred by ONRR.

Should you appeal, ONRR may also assess an additional \$436.00 for administrative costs that accrue during the appeal process if: (1) the notice we provide you under 30 CFR § 1218.703 grants you the right to appeal the debt, (2) you exercise your right to appeal; and (3) your appeal is denied and, thereafter, we refer the debt to DMS. To resolve any and all debts referred to DMS, you will be responsible for paying: 1) the Treasury fee, 2) ONRR's administrative fee(s), and 3) the principal (including interest) in order to clear the debt. Once a debt is referred to DMS, payment must be made to DMS and cannot be paid to ONRR.

Suspension of Compliance and Required Payment

To suspend compliance with a demand or order for \$10,000 or more pending the outcome of an appeal, an appellant must post a bond or other adequate surety instrument, or demonstrate financial solvency, within 60 days from service of the demand or order. See 30 CFR part 1243. Detailed instructions on posting your surety can be found on our website at <https://www.onrr.gov/compliance/appeals.htm>.

An appellant must maintain a bond or other surety instrument in the amount and manner that ONRR prescribes, or must demonstrate financial solvency, for the pendency of the appeal. Alternatively, an appellant may pay the amount due under protest to mitigate the accrual of late-payment interest during the pendency of its appeal. See 30 CFR part 1243.

Interest

The Federal Oil and Gas Royalty Management Act of 1982 requires ONRR to charge interest on late payments and underpayments from the date the original invoice was due until paid in full. 30 U.S.C. § 1721 Interest on late or underpaid obligations arising from solid mineral and geothermal leases is calculated as simple interest using the United States Treasury Current Balance of Funds Rate. Interest on late or underpaid obligations arising from oil and gas leases is calculated as compound interest using the Internal Revenue Service underpayment rate for corporate taxpayers. ONRR will assess interest as prescribed by 30 CFR Part 1218. **Interest, while not monetized on Enclosure 2, is accruing and will continue to accrue until the debt is paid in full. Once the debt is paid, ONRR will generate a Demand for Payment identifying the interest you owe.**

Enforced Collection Actions

If you fail to pay the full amount by the due date on the invoice, or if this Demand for Payment is not timely appealed, ONRR may take some or all of the following actions, as necessary and at ONRR's discretion, to enforce compliance: (1) Issue a Notice of Noncompliance under 30 CFR § 1241.50; (2) demand payment from the surety associated with the lease(s); (3) recommend to the leasing agency that they commence shutting-in the wells and canceling your lease(s), rights-of-way, permits, or licenses; or, (4) write off the debt and, if collection actions cease, report the debt as taxable income. ONRR also reserves the right to assess an Immediate Liability Civil Penalty under 30 CFR 1240.60(b)(1)(i) if you knowingly or willfully fail to make any royalty payment by the date specified by statute, regulation, order, or a term of the lease.

Referral to Treasury, Fees, and Administrative Costs

If you have not appealed and also fail to pay the debt in full within 60 days from the date of this Demand for Payment, ONRR may refer your debt to the U.S. Department of the Treasury's Debt Management Services (DMS) for collection. If a referral to DMS is made, a fee for Treasury's collection services will be added to your debt (the "Treasury fee"). Currently, the Treasury fee is 30% of the outstanding balance (including interest and administrative fees) for most debts and 32% for debts that have been delinquent for more than two years. As stated above, interest will continue to accrue until the debt is paid in full.

After referral, DMS may take any or all of the following actions:

- Reduce (offset) any eligible Federal and State payments due to you.
- Refer the debt to a private collection agency.
- Refer the debt to the U.S. Department of Justice to initiate litigation.

United States Department of the Interior

OFFICE OF NATURAL RESOURCES REVENUE

P.O. Box 25165

- Report the debt to national credit bureaus.
- Report the debt to the IRS as potential income.

In addition to the Treasury fee, ONRR will assess a \$436.00 fee to the debt to cover administrative costs incurred by ONRR.

Should you appeal, ONRR may also assess an additional \$436.00 for administrative costs that accrue during the appeal process if: (1) the notice we provide you under 30 CFR § 1218.703 grants you the right to appeal the debt, (2) you exercise your right to appeal; and (3) your appeal is denied and, thereafter, we refer the debt to DMS. Such assessments shall be made against you unless we determine otherwise under the criteria of the Federal Claims Collection Standards (31 CFR Parts 900 through 904) or other applicable law.

If the Department of Justice (DOJ) assists ONRR to collect the debt, an additional fee for DOJ's civil debt collection litigation activities will be added to your debt (PL. 103-121). Currently, DOJ's fee is 3% of the outstanding balance (including interest and administrative fees).

To resolve any and all debts referred to DMS, you will be responsible for paying: 1) the Treasury fee, 2) ONRR's administrative fee(s), and 3) the principal (including interest) in order to clear the debt. Once a debt is referred to DMS, payment must be made to DMS and cannot be paid to ONRR.

You have the right to inspect and copy records relating to this debt. If you wish to exercise this right, ONRR must receive your request on or before 60 days from the date of this Demand for Payment.

Interest

The Federal Oil and Gas Royalty Management Act of 1982 requires ONRR to charge interest on late payments and underpayments from the date the original invoice was due until paid in full. 30 U.S.C. § 1721 Interest on late or underpaid obligations arising from solid mineral and geothermal leases is calculated as simple interest using the United States Treasury Current Balance of Funds Rate. Interest on late or underpaid obligations arising from oil and gas leases is calculated as compound interest using the Internal Revenue Service underpayment rate for corporate taxpayers. ONRR will assess interest as prescribed by 30 CFR Part 1218. **Interest, while not monetized on Enclosure 2, is accruing and will continue to accrue until the debt is paid in full. Once the debt is paid, ONRR will generate a Demand for Payment identifying the interest you owe.**

Enforced Collection Actions

If you fail to pay the full amount by the due date on the invoice, or if this Demand for Payment is not timely appealed, ONRR may take some or all of the following actions, as necessary and at ONRR's discretion, to enforce compliance: (1) Issue a Notice of Noncompliance under 30 CFR § 1241.50; (2) demand payment from the surety associated with the lease(s); (3) recommend to the leasing agency that they commence shutting-in the wells and canceling your lease(s), rights-of-way, permits, or licenses; or, (4) write off the debt and, if collection actions cease, report the debt as taxable income. ONRR also reserves the right to assess an Immediate Liability Civil Penalty under 30 CFR 1240.60(b)(1)(i) if you knowingly or willfully fail to make any royalty payment by the date specified by statute, regulation, order, or a term of the lease.

Referral to Treasury, Fees, and Administrative Costs

If you have not appealed and also fail to pay the debt in full within 60 days from the date of this Demand for Payment, ONRR may refer your debt to the U.S. Department of the Treasury's Debt Management Services (DMS) for collection. If a referral to DMS is made, a fee for Treasury's collection services will be added to your debt (the "Treasury fee"). Currently, the Treasury fee is 30% of the outstanding balance (including interest and administrative fees) for most debts and 32% for debts that have been delinquent for more than two years. As stated above, interest will continue to accrue until the debt is paid in full.

After referral, DMS may take any or all of the following actions:

- Reduce (offset) any eligible Federal and State payments due to you.
- Refer the debt to a private collection agency.
- Refer the debt to the U.S. Department of Justice to initiate litigation.

Colorado, New Mexico, Wyoming, and Utah

United States Department of the Interior

OFFICE OF NATURAL RESOURCES REVENUE

P.O. Box 25165
Denver, Colorado 80225-0165

- Report the debt to national credit bureaus.
- Report the debt to the IRS as potential income.

In addition to the Treasury fee, ONRR will assess a \$436.00 fee to the debt to cover administrative costs incurred by ONRR.

Should you appeal, ONRR may also assess an additional \$436.00 for administrative costs that accrue during the appeal process if: (1) the notice we provide you under 30 CFR § 1218.703 grants you the right to appeal the debt, (2) you exercise your right to appeal; and (3) your appeal is denied and, thereafter, we refer the debt to DMS. Such assessments shall be made against you unless we determine otherwise under the criteria of the Federal Claims Collection Standards (31 CFR Parts 900 through 904) or other applicable law.

If the Department of Justice (DOJ) assists ONRR to collect the debt, an additional fee for DOJ's civil debt collection litigation activities will be added to your debt (PL. 103-121). Currently, DOJ's fee is 3% of the outstanding balance (including interest and administrative fees).

To resolve any and all debts referred to DMS, you will be responsible for paying: 1) the Treasury fee, 2) ONRR's administrative fee(s), and 3) the principal (including interest) in order to clear the debt. Once a debt is referred to DMS, payment must be made to DMS and cannot be paid to ONRR.

You have the right to inspect and copy records relating to this debt. If you wish to exercise this right, ONRR must receive your request on or before 60 days from the date of this Demand for Payment.
